## Packed with comfort - UK Made Mattresses

Why are Swift Mattresses different to other Vacuumed Mattresses?

The difference is we produce our quality mattresses all in house which we then vacuum and roll pack for ease of distribution - Right here in the heart of England!

Unlike many roll pack mattress suppliers, we have been manufacturers mattresses since 1990. So, we know what it takes to provide a perfect night's sleep!

perfect sleep tonight!

## Special features of this mattress range...

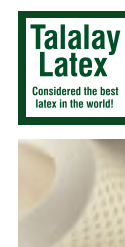

### BLU COOL MEMORY FOAM™

Blu Cool Memory Foam™ has been developed to combat the heat standard memory foam generates. This new foam allows it to be cooler with same unique properties of memory foam but without the heat, SO LESS HEAT! MORE COOL!

### GEL FEEL FOAM

Our high quality Gel Feel® Foam has been developed to provide a 'unique gel feel' with optimum pressure relief and body support. This durable layer is also faster cooling and the low heat retention supports quality sleep.

### TALALAY LATEX

Talay latex has a resilient feel and is a very durable product. The anti-microbial properties of latex are also ideal for allergy sufferers. The natural elasticity of latex recovers shape immediately when pressure is removed for perfect support.

### BUG GUARD

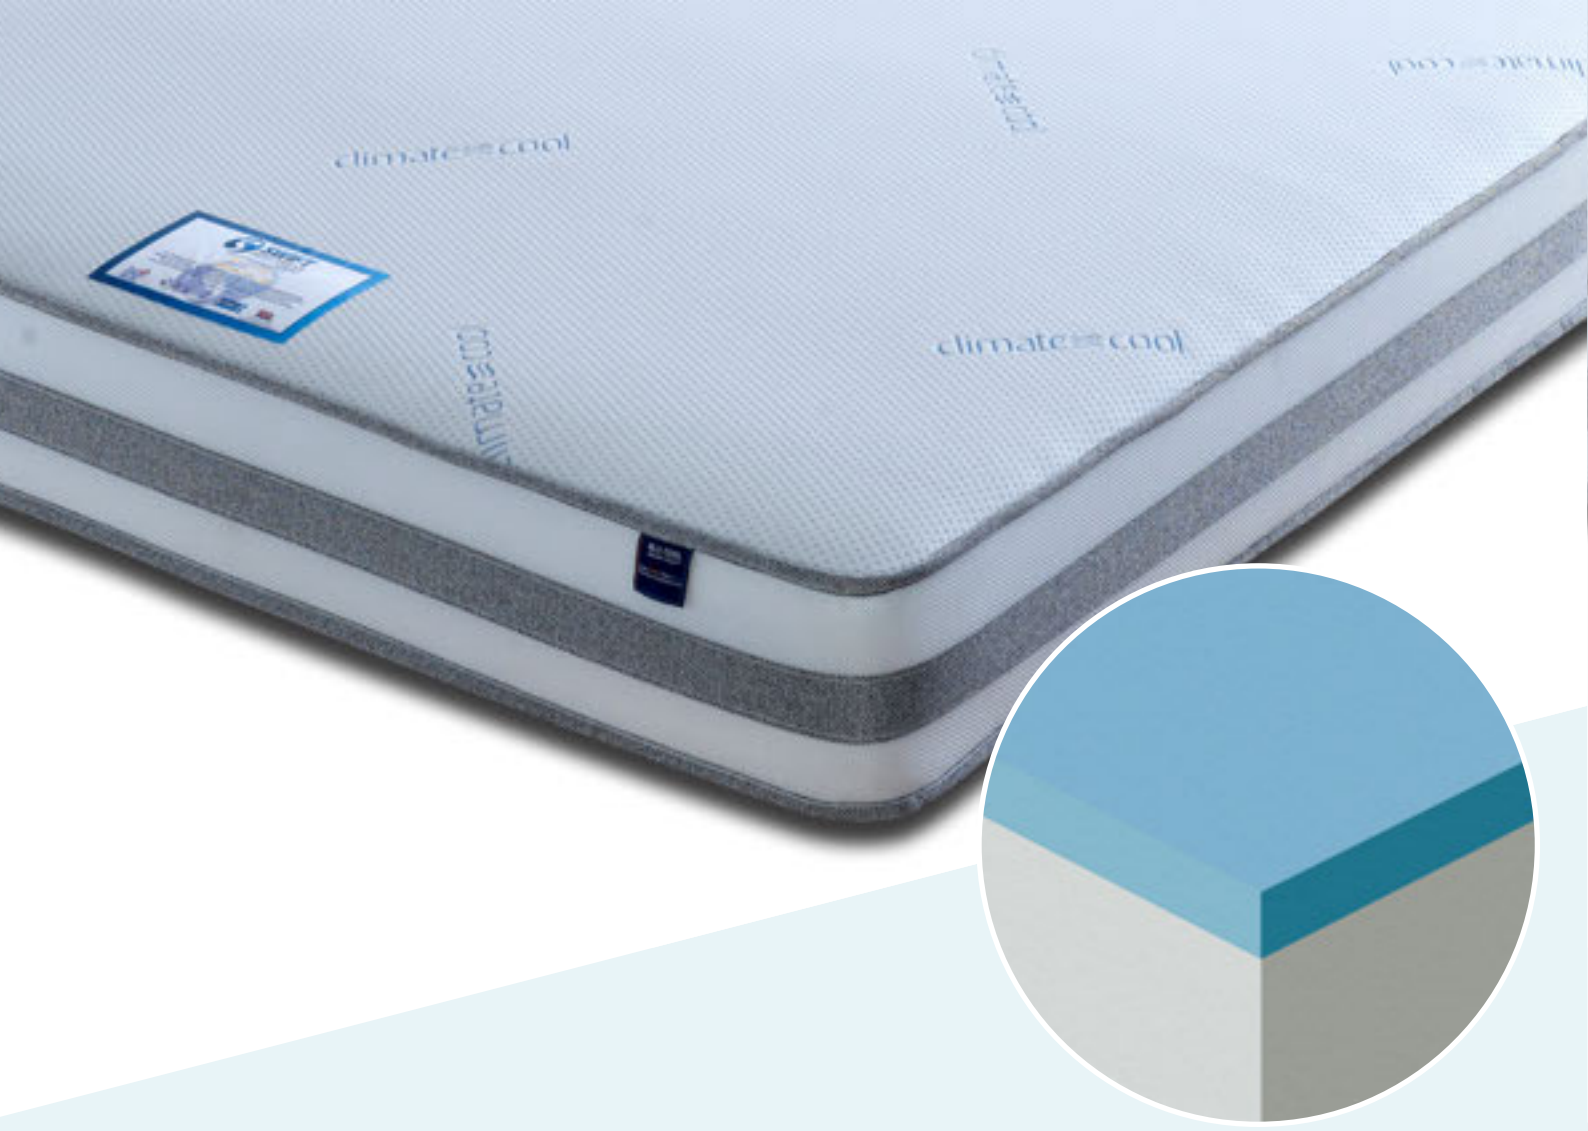

Fabric treated with Bug Guard prevents dust mites and bed bugs.

Bug Guard is made from natural Eucalyptus Oils and is environmentally friendly.
